

Community Chemical Weapons Board to Meet June 14

Outreach Office to Host Open House Following the Meeting

June 1, 2006

FOR IMMEDIATE RELEASE

Richmond, Ky. -- The Chemical Destruction Community Advisory Board will meet on Wednesday, June 14, at 1:30 p.m. in Rooms A & B on the lobby level at Eastern Kentucky University's Carl D. Perkins Building located on Kit Carson Drive. The event is accessible to people with disabilities.

The Blue Grass Chemical Stockpile Outreach Office will host an open house from 4:30 to 6 p.m. after the CDCAB meeting. The open house provides the local community with an opportunity to meet the outreach office staff and learn more about the chemical weapons destruction project. The office is located on the corner of Gibson Bay Drive and the Eastern Bypass at 1000 Commercial Drive, Suite 2, Richmond.

The advisory board, which is co-chaired by Madison County Judge-Executive Kent Clark and Craig Williams, executive director of the Chemical Weapons Working Group, will discuss topics related to the Blue Grass Chemical Agent-Destruction Pilot Plant. There will be opportunities for public comment throughout the meeting.

As diverse representatives of the local community, board members provide advice and citizen input on issues regarding the chemical weapons destruction project at the Blue Grass Army Depot. The board, which meets quarterly, last met in March.

All board meetings are open to the public.

The governor-appointed Kentucky Chemical Demilitarization Citizens' Advisory Commission will meet at the conclusion of the CDCAB meeting.

For additional information, please contact the Blue Grass Chemical Stockpile Outreach Office at 859-626-8944 or bgoutreach@bah.com.
